About MCCIA

Mahratta Chamber of Commerce, Industries and Agriculture (MCCIA) is an 87 year-old business promotion organisation. With over 3000 members, the chamber strives to provide a conducive platform to learn and mentor, share and discuss everything related to running a business. Our members are spread across the spectrum, including engineering, information technology, biotechnology, environment technology, agriculture and food processing, educational institutions, research organisations, and financial services. The Chamber is known for its dynamism in India and abroad. In the last two decades, we have aggressively promoted the Pune region as an attractive destination for investments, a global source of quality products, and a premier marketing centre. The organisation operates through its seventeen committees and additional functional areas by interacting with experts, ministers, government officials and regulatory authorities, educational institutions, foreign diplomats and business delegations.

About Woman Entrepreneurs Committee

The committee was set up with the purpose of supporting, strengthening and empowering Women Entrepreneurs. Under a panel of experts, Women Entrepreneurs are guided and encouraged to set up and enhance their businesses.

This is done through the following means:

- Knowledge sharing sessions
- Networking sessions
- Counseling
- Exhibitions
- Awareness of Government Schemes
- Training Program
- Case Study Presentations
- Industrial Visits

Chairperson- Ms Manasi Bidkar

Officer Incharge- Ms Anuja Deshpande, Deputy Director

anujad@mcciapune.com

Ms. Manasi Bidkar

Chairperson, Women Entrepreneurs Committee, MCCIA

It is my great pleasure and privilege to present to you the first edition of the 'MCCIA- Women Entrepreneurs' Directory'. This directory provides the data of enterprises led by women across different industry segments. Such as Agriculture, Engineering, Measuring and testing, Sheets and Coil, Engineering services, Architectural, Food, Jewellery among other sectors. The Women Entrepreneurs Committee at the Chamber has a strong connect with the Government relevant organisations and would like to help the Woman Entrepreneurs in technology transfer, technical and digital skill up-gradation, packaging, advertising and marketing their products/services. Women Entrepreneurs' Directory is an effort by MCCIA to provide a platform to women entrepreneurs in Pune to expand their reach and connect with the concern Government offices and MCCIA members. My best wishes to all the women entrepreneurs for sustainable and successful business.

Mr. Sudhir Mehta

President, MCCIA

Mr. Prashant Girbane

Director General, MCCIA

We are pleased to present the first edition of the 'MCCIA - Women Entrepreneurs' Directory', which features diverse products and services offered by the Women Entrepreneurs based in Pune.

We are particularly happy that this publication is available to all of you during the 75th year of India's Independence (Azadi Ka Amrut Mahotsav)

As per data from the World Bank, over the last three decades, the Female Labour Force Participation Rate (FLPR) in India has dropped from 30.27% to 20.8%, far lower than some lesser developed countries. This is alarming as Female Labour Force Participation is an important driver of the growth and development of a nation. If these gender parity issues are addressed, according to McKinsey Global Institute, by 2025, India could add \$770 bn to its GDP or 18% more than the business-as-usual GDP.

This will only be possible if more and more women become entrepreneurs and become employment givers rather than employment seekers.

The Government and non-government organisations, and industry associations like MCCIA organise various programs to help promote women entrepreneurship. A directory focused on women entrepreneurs will become very helpful in disseminating information about policies, schemes and programs designed for women entrepreneurs.

The directory would also help some large corporations to promote women entrepreneurship by ensuring a certain percentage of their procurement is from women entrepreneurs. We appeal to all MCCIA member companies to use this directory and increase the proportion of sourcing from enterprises owned and run by women. This directory will also help the women entrepreneurs to connect and form clusters to leverage their collective bargaining power.

We look forward to receiving your feedback.

With Warm Regards,

Sudhir Mehta and Prashant Girbane

Training in Intellectual Property Rights

Description

DIIPR is a one-of-a-kind educational institution providing a comprehensive & hands-on training in the field of Intellectual Property Rights. We pride ourselves on creating & delivering practical modules, which can be applied in the business or workplace set-up by individuals from all spheres of life.

The institute has diverse offerings from courses for the absolute beginners to advanced IP professionals, with topics including Patents, Trademarks, Copyright, Designs & other related IP Rights. The courses offered are not limited to provision-by-provision study of some statutes & associated case laws alone. We offer training on different kinds of practical aspects required by professionals. The USP of our courses is personal attention & individual feedback on the quality of work produced.

After the success of first Patent Specification Drafting course, DIIPR now announces the second course -Chemicals, Petrochemicals, Pharma & Biotechnology.

Corporate Gifting Artifacts

Description

On the subject of gifts, it's one thing to fulfil the demands of an occasion and quite another to "get a gift" (as opposed to "buy" a gift!). The difference lies in the emotions (or the lack of it!) that goes into procuring them. At Happiness Stores, we try to understand our Clients' needs, give them all the possible variations and options, and then get them the right "Gifts" that have the right material and emotions!

We customize gifts as per clients requirement. Our endeavor is to deliver emotions in forms of gifts.

Turnover Range: Rs. 50 Lakhs to Rs. 1 Crore

Proposed Industrial Cluster for Women Entrepreneurs
in Engineering sector

For more details contact on:
Ms. Anuja Deshpande: 25709000/231
anujad@mcciapune.com

MCCIA's Marketing Center for Women Entrepreneurs

Services Offered

- Webinar series
- Case studies
- Business insights
- Business strategy
- Advertising market research
- Branding and re-branding
- Consultation
- Information on government schemes

You might have top-of-the-line products, but without an eye-catching display, they can easily get lost in the sea of options at any retail store. The marketing display center will emphasize on brand identity, focus on conveying the attributes and values associated with different brands at a glance.

For more details contact on:
